

“Bio-Cosmeceutical Leader” Dr. She Product List

Dr. She Cosmetics 5-piece Set / LuxC 3-types Set
Comino Scalp Ampoule Shampoo / Dr. Collgen

About Us

Dr.She is a global company with 15 years of experience distributing three brands of Dr.She / SheSkin / LuxC not only in Korea but also in Southeast Asia and South America, based on natural bio raw materials for cosmetics and health foods.

People who cultivate their lives by communicating with nature!

Bio-cosmeceutical leader, specialist in fermentation of natural raw materials, Doctor She Co., Ltd.

With the belief that 'beautiful skin makes a person more radiant', Dr. She has been constantly researching and developing with only ingredients beneficial to the skin.

As a result, NF550, an innovative raw material developed with advanced biotechnology, was registered in INCI, a global raw material dictionary, and the stem-control method was patented/developed to quickly absorb active ingredients, completing a high-quality miracle skin that no one had ever experienced before. We have created the Dr.She best solution.

Elastic, moist, glowing skin!

Experience new and innovative changes now.

Introduction to CI/BI

Dr. She brand

The role of a skin and health doctor for women who pursue health and beauty

Golden butterfly

Logolt symbolizes wealth and health, and the two wings D and S symbolize the globalization of powerful wings.

Dr. She Business

- Patented/developed products, domestic franchise
- Cosmetics / food OEM / ODM manufacturing and supply
- Establishment of global export platform system

Dr.She Cosmetics Key Features

- **5th Generation Reverse-Aging Cosmetics**
- **Dermal layer signal transmission method cosmetics** - Stem-control Tech (Stem Control) - Used in patent No.10-1888851
- **DTS Fermentation Science Cosmetics** - Delivers active ingredients deep into the skin within 3 minutes
- Micro milk emulsification formulation technology and fusion functional patent technology
- Mysterious cosmetic product that builds up 30% deep into the skin layer by layer, does not slip even after repeated application, and has a non-sticky feeling

Peptide development/blending technology

- Protein Hydrolysis -> Polypeptide -> Hydrolysis -> Peptide -> Amino acids when hydrolyzed
- Technology that provides whitening, moisturizing, and elasticity to the skin by researching and developing peptide-ized fusion beauty ingredients that are skin-friendly and easy to absorb.

1. Patented collagen fermentation filtrate, 19 amino acids and collagen peptides

After fermenting marine collagen with 10 strains for the first time in the world, developed micro-protein "Amino Bio Solution" in-house with a patented process.

2. Snake Venom Peptide

As a tripeptide derivative of snake venom, it has a similar function to Botox, and is optimal for managing wrinkled and inelastic skin.

3. Acetyl Hexapeptide-8

Natural moisturizing factor "Botox peptide without side effects"

4. EGF Epidemal Growth Factor

Protein made of 53 amino acids! Nobel Prize-winning raw material -> Collagen synthesis, cell regeneration, wound healing, pore reduction, etc. Solution to the root cause of skin whitening (melasma, age spots) / Elasticity enhancement / Wrinkle improvement / Moisturization, etc. Overall skin condition improvement

5. Copper Tripeptide-1 A natural peptide derived from the human body, a growth factor for skin cells

Ingredients for wrinkle improvement in Dr. She cosmetics

- Peptide Chemplex, such as fermented collagen peptide
- International patented vegetable placenta & Canadian smelt roe Marine Placenta
- Adenosine, a functional ingredient for wrinkle improvement
- **Sea Ginseng** - Sea Cucumber Catch Collagen
- Sea Snail - Minor

Aromatherapy, Aroma Essential Oils - Formulation Technology

1. Lemon Peel Oil ART : Citrus Limon (Lemon) Peel Oil

-> Vitamin C, aromatherapy - Keratin and sebum management/elasticity management/problematic skin care

2. Lavender Oil ART : Lavandula Angustifolia (Lavender) Oil

-> Helps relieve tension, relieve stress and insomnia with nerve-stabilizing ingredients
Effective for skin acne prevention and healing/skin soothing/whitening and facial wrinkles/wound healing

3. Grapefruit Peel Oil ART : Citrus Paradisi (Grapefruit) Peel Oil

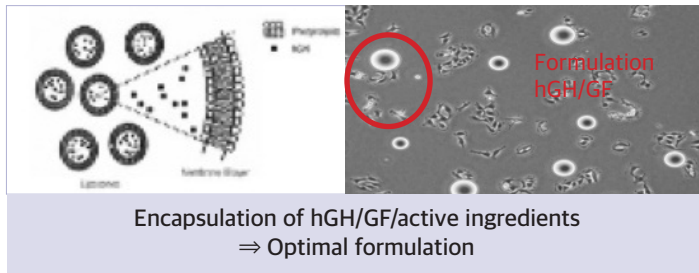

-> Contains vitamins C/A/B, antioxidants, glutathione, protein/fat/fiber/sugar
Skin elasticity, moisturizing film, pore reduction, nutrition supply, brightening, lymph circulation help

Patent construction method and patent new material

5th generation cosmetics that deliver signals deep into the skin

☑ **Stem control method [Used in Patent No. 10-1888851] - Wake up sleeping skin stem cells**

☑ **Spider web method - Technology that builds up active ingredients from the dermis layer**

The best absorption power that does not slip at all even after applying several times (30% per day, for 3 days)

☑ **Amino Bio Solution [Patent No. 10-2331133] - Collagen protein microparticle new material**

- **After fermenting low-**molecular-weight fish collagen with microorganisms, protein particles are broken into small pieces through a patented process to maximize skin absorption.
- **NF 550:** Collagen, Centella asiatica, Ginseng, Rice bran, Nuruk - Listed in International Cosmetic Ingredients Dictionary (INCI,ICID)

Dr. She Cosmetics Patent/Certification

[Patent Registration No.10-2331133]
Amino bio solution and manufacturing method thereof

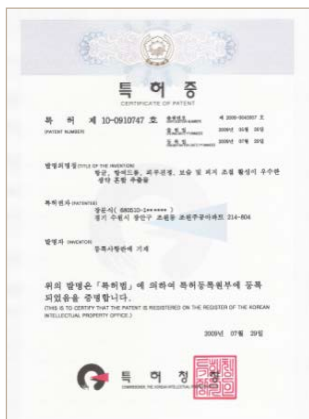

[Patent Registration No.10-1888851]
(Hydrogel) Stem Control Method

[Patent Registration No.10-1583600]
Bacillus megaterium new strain

[Patent Registration No.10-1652317]
New material primary culture stock solution

[Patent Registration No.10-0910747]
Skin health of 7 plant extracts

[Patent Registration No.10-1841088]
Sea milk oyster preparation and composition

[Patent Registration No.10-1530125]
Sea Treasure Mojoban's Skin Health

[Patent Registration No.10-2918773]
Sea Snail Minor Cosmetics

COSMETICS

Meet the best in the world!

Dr.She Cosmetics Set of 5

- DR. SHE Pell & Fill Cleanser 150g
- Shiny Volume Mist 100ml
- DR. SHE Whitening micromilk Ampoule 50ml
- Doctoring Wrinkle Serum 50ml
- DR. SHE Recovering Magic Cream 50g

Consumer Price: KRW 398,000

DR. SHE Peel & Fill Cleanser

- ✓ **Cleansing and washing** - Coconut/Olive
- ✓ **Soothing, moisturizing** - Marine collagen fermented filtrate 21% used, sea snail, deep sea water
- ✓ **Brightening Pack Function** - South Pacific Black Pearl, Aloe Vera Juice, Sanghwang Mushroom

Triple Action Double Cleanser (Double face wash and 3 functions)

- ✓ **Action 1** : Cleansing face - Coconut/Olive
- ✓ **Action 2** : Soothing and moisturizing - Ulleungdo deep sea water/sea snail/collagen CM
- ✓ **Action 3** : Brightening - South Pacific Black Pearl / Aloe Vera Juice / Sanghwang Mushroom

Product Name: Peel and Peel Cleanser

Capacity: 150g

How to use

Wet your face in advance, massage your entire face with a moderate amount of product on your wet hands, and wash it with lukewarm water.

Major cosmetic ingredients

Patented marine collagen fermented filtrate, lavender aroma oil, 7 patented mediherbs, fermented soybean, white willow bark, cinnamon bark/oregano leaf/cypress leaf/golden, portulaca, cypress, sea cucumber catch collagen, black pearl/ aloe vera leaf juice/ Deep sea water/Hangwang mushroom, Mexican cactus/olive oil, etc.

Consumer price: KRW 40,000

DR. SHE Shiny Volume Mist

Instead of purified water, aloe vera leaf juice, rose water, and patented collagen fermented filtrate

- ✓ **Healing radiance mist** that does not use surfactants
- ✓ **Dual functional cosmetics** for whitening and wrinkle improvement - Niacinamide, Adenosine
- ✓ **Whitening, anti-wrinkle dual function**
- ✓ **Moisture, firmness, and glow** all at once

Product Name: Shiny Volume Mist

Capacity: 100ml

How to use

When the skin needs moisture, nutrition, and soothing, shake the mist well before use, then close your eyes about 20cm away from your face and lightly spray it all over your face.

Major cosmetic ingredients

Black pearl, aloe vera leaf juice, collagen peptide, lemon/ lavender aroma oil and argan/jojoba seed oil, international patented plant placenta, 7 patented mediherbs, soybean fermentation, white willow bark, niacinamide/adenosine, aloe vera leaf juice, oyster peptide /Black Pearl/Deep sea water, Alaska glacier water, Provence rose water, Poongnyeonhwa water, Centella asiatica

Consumer price: KRW 75,000

DR. SHE Whitening micromilk Ampoule

- ✓ Branding of Alaska Glacier Water, Virginia Poongnyeon Flower Water, Rose Water, and Aloe Vera Leaf Juice instead of purified water
- ✓ **5-step care system with functional ampoule and whitening mechanism**
(whitening functional ingredient + oyster peptide + black pearl + fermented collagen + natural herb)
- ✓ Pure white milky whitening blemish out essential ampoule
- ✓ Dual function of whitening and wrinkle improvement

Product Name: Whitening Micro Milk Ampoule
Capacity: 50ml

How to use

On the skin prepared with Dr. She Shiny Mist, apply Dr. She Whitening Ampoule to the forehead, cheeks, nose, and chin evenly by tapping one drop at a time until it is absorbed.

Major cosmetic ingredients

Glacial water, Poongnyeonhwasu, lactobacillus/collagen fermentation filtrate, tranexamic acid, kelp extract, hearing extract, arbutin, lemon peel oil, niacinamide, nipa palm sprout extract, mud mushroom extract, red ginseng extract, panthenol, oyster extract, Rose water, whey protein, allantoin

Consumer price: KRW 78,000

DR. SHE Doctoring Wrinkle Serum

Deep sea water + fermented collagen instead of purified water

- ✓ Wrinkle-free, lifting, firm, healthy healing skin that blooms overnight
- ✓ Moisturizing elasticity/lifting with fast absorption rate - Micro Emulsion Tech
- ✓ Stem-control method: hGH and peptides - help activate skin stem cells, strengthen elasticity
- ✓ Adenosine and patented protein ingredients, collagen 800, 5D hyaluronic acid

Product Name: Doctoring Wrinkle Serum
Capacity: 50ml

How to use

After hygiene, take an adequate amount of serum during Dr. She Wrinkle on tired, dry skin and spread it evenly along the skin texture from the inside to the outside. If you use it in the morning and evening, you can have a better effect.

Major cosmetic ingredients

Patented collagen fermentation filtrate (collagen peptide), international patented Vegetable Placenta, lavender aroma oil, snake venom peptide, EGF, Canadian smelt marine placenta, adenosine, sea ginseng Catch Collagen, hyaluronic acid and sea snail small Gag, beta-glucan, tiger grass centella, etc.

Consumer price: KRW 85,000

DR. SHE Recovering Magic Cream

Amino fermented extract like a spider's web - Quick absorption of fine protein (moisturizing, firming lasts for 72 hours!)

- ✓ Instead of purified water, Poongnyeonwasu that magically improves the skin (Witch Hazel: US FDA medical product)
- ✓ International patented vegetable placenta and 5 fermented substances NF550 - Moisture, vitamins, moisture and nutrition at once
- ✓ Double functional cosmetics for whitening / wrinkle improvement - use neck cream and eye cream
- ✓ 3 types of collagen used - Sea Cucumber Collagen, Marine Collagen 800, Dr. She's Patented Fermented Collagen
- ✓ Stem control method: hGH, EGF, snake venom peptide - **Aged skin to young skin**

Product Name: Recovering Magic Cream

Capacity: 50g

How to use

Take an appropriate amount at the cream stage in the morning and evening and apply gently along the skin texture to absorb.

Major cosmetic ingredients

Patented marine collagen fermentation filtrate (collagen peptide), snake venom peptide and Nobel Prize in Physiology EGF, international patented Vegetable Placenta, lemon/lavender/grapefruit aroma oil, Canadian smelt fish roe marine placenta, adenosine and niacinamide, sea ginseng Catch Collagen, Hyaluronic Acid and Sea Snail Minor Gag, Marigold and Mung Bean Extract, Squalane/Shea Butter/Jojoba Oil/Sunflower/Macadamia Oil

Consumer price: KRW 120,000

DR. SHE Bio-Boosting Fluid

- ✓ Virginia Poongnyeonhwa Water instead of purified water
- ✓ A booster shot that improves ampoule, serum, and cream
- ✓ One Stop Solution
- ✓ Triple functional product for wrinkle and whitening improvement/sun protect SPF30++
- ✓ Non-irritating, mild natural, bio-based ingredients - Used for expensive care after dermatology and plastic surgery procedures

Product Name: Bio Boosting Fluid

Capacity: 50ml

How to use

After hygiene face wash, apply an appropriate amount evenly on tired and dull problem skin and let it absorb.

Major cosmetic ingredients

Virginia pomegranate flower water, aloe vera leaf juice, Provence rose flower water, sunflower seed oil, lactobacillus/collagen fermentation filtrate, bacillus/rice bran extract/soybean extract fermentation filtrate, hydrolyzed conchiolin protein, cypress leaf extract, nipa palm sprout extract, red ginseng extract, flat green algae extract, whey protein, purslane extract, ear extract, mud mushroom extract, lactobacillus/soybean fermentation extract, etc.

Consumer price: KRW 78,000

3 types of global cosmetics LuxC

· BRAND IDENTITY ·

Luxry of luxury or happiness and luck **L**ucky + Collagen **C** + Vitamin **C** + Centella asiatica **C**

LuxC 3 functions

100% natural base instead of purified water, chemical-free - patented fermented collagen, red ginseng, Sanghwang mushroom, centella asiatica extract

- ✓ **LuxC Ampoule Skin 80ml** : 48 hours moisture, moisture, moist skin, firm skin, acne, pores
- ✓ **LuxC Spot- Serum 50ml** : 5 kinds of whitening ingredients - freckles, blemishes, bright face
- ✓ **LuxC Clinic Cream 50ml** : Skin nutrition, moisture, quick absorption, elastic skin, glowing skin

Main ingredients and efficacy

- ✓ **Moisturizing, Moisturizing** - Resurrection Plant, Mineral, Hyaluronic Acid 5D
- ✓ **Lifting, wrinkles** - red ginseng, centella asiatica, collagen C, vitamin C, adenosine
- ✓ **Luminous glow** - South Pacific black pearl, aloe vera leaf juice
- ✓ **Immunity enhancement** - Beophwanghyeon mushroom
- ✓ **Whitening function** - vitamin B3, vitamin C, black pearl, fermented collagen, tranexamic acid

Patent ingredient/method

- **The world's first new substance Bacillus megaterium** - Bacillus subtilis (Bacillus subtilis)
- Patent No. 10-1583600
- **The world's first new raw material amino bio solution** - fermented collagen microprotein
- Patent No. 10-2331133
- **7 herbal medicine mixture extracts** - antibacterial, anti-acne, skin soothing, moisturizing
- Patent No. 10-0910747
- **Marine placenta Canadian smelt fish roe** - Patent No. 10-2297395
- **Oyster peptide anti-wrinkle effect** - Patent No. 10-1841088
- **External skin preparation for plant placenta cell regeneration** - International Patent No. 3625501
- **Application of dermal layer penetration technology** - Stem Control Tec (method) - Patent No. 10-1888851

Dr. She Special 3-types Set

- LuxC Ampoule Skin 80ml
- LuxC Spot- Serum 50ml
- LuxC Clinic Cream 50ml

Comino Scalp Ampoule Shampoo

Healthy scalp and hair with **37.7%** of collagen micro-protein developed by Dr. She patented process

Dr. Shih, as a high-level research team, spent a long period of research and a lot of R&D expenses, and succeeded in developing a protein micromaterial, Comino Bio Solution, by repeating new technologies and creative innovations such as protein bio microbial fermentation engineering, a key ingredient of collagen low-molecular peptides.

Core of Comino Scalp Ampoule Shampoo

What is Comino Bio Solution?

Comino Bio Solution, made by fermenting collagen low-molecular-weight peptides with 10 strains, contains 40% of collagen fine protein and is used as a key ingredient for scalp care and intensive hair care. [Ultra-fine protein amino acid solution development patent No. 10-10888851]

Why choose the fine protein shampoo Comino?

- ✓ Highly concentrated undiluted shampoo without mixing a drop of water
- ✓ Provides nutrition to the scalp and hair with 37.7% of collagen fine protein
- ✓ Contains a large amount of minerals as marine patented raw materials and raw materials of marine organisms
- ✓ Intensive care that gives shine and elasticity to the scalp and hair
- ✓ A patented blend of 7 herbal medicines
- ✓ Use of natural surfactants

POINT.01

- WATER-FREE, not mixed with water
- Highly concentrated protein undiluted shampoo
- Comino Ampoule Shampoo does not use a single drop of purified water (0% water).
- Contains 40% of amino bio-collagen microprotein, which is a component of scalp and hair,
- Formulated with marine patented ingredients and herbal medicine ingredients

The human scalp and hair are mostly composed of protein structures. The core component of collagen low-molecular peptides is protein, and ultra-fine protein ingredients are delivered to the scalp and hair to keep the scalp healthy and nourish weak and frizzy hair to provide shine and hair elasticity.

POINT.02

Effective ingredients and main ingredients for hair and scalp care. Comino Scalp Ampoule Shampoo focused on hair and scalp care. If you know all the ingredients, you can see the shampoo.

POINT.03

Safe to use natural ingredients / 5 kinds of ingredients free

It can be used without irritation on problematic scalps and sensitive scalps, and focuses on the principle of naturalism that everyone, including pregnant women, can use with confidence.

Product Name: Comino Scalp Ampoule Shampoo

Capacity: 300g

How to use

After sufficiently wetting the scalp and hair with lukewarm water, take an appropriate amount to lather, then massage gently for 2 to 3 minutes using fingertips on the scalp and palms on the hair, then rinse thoroughly with clean lukewarm water.

Consumer price: KRW 48,000

Dr. Collgen

- A new concept health food that mixes minerals by fermenting collagen, aronia, green coffee beans, and black garlic with an undiluted solution obtained by culturing a new strain of *Bacillus megaterium* L2014, which has been identified as *Bacillus subtilis*.
- When fermented as a new material, collagen proteolytic enzymes are created, and the effects of useful ingredients (chlorogenic acid, anthocyanin, and allicin) of superfoods are increased.
- The undiluted culture solution contains surfactin to dissolve blood clots and decompose blood vessel cholesterol and neutral fat - blood vessel management
- The new substance cultured stock solution and secondary fermented superfood have a tremendous effect on health - Immune management (surfactin's anti-inflammatory and antibacterial effects are special for chronic inflammation)

Bacillus subtilis efficacy

- **Thrombolytic action:** Decomposition of blood cholesterol and neutral fat - Vascular management
- **Probiotics:** Suppression of harmful bacteria in the intestines, constipation, decomposition of feces - Minister of the Interior
- **Suppression of obesity bacteria:** Suppression of fat bacteria/decomposition of body fat and visceral fat - Diet
- **Creation of surfactin:** Natural antibiotic - antithrombotic, anti-inflammatory, antibacterial, antiviral
- **Immune function/osteoporosis:** Helps reduce the risk of occurrence

I recommend this to everyone!

- Belly management/Bacillus subtilis diet without yo-yo, exercise, or diet
- Those who suffer from chronic diseases such as shingles due to reduced immunity
- Those who are interested in blood vessel management such as hypertension, diabetes, hyperlipidemia, etc.
- Irritable Bowel Syndrome
- Abdominal pain, distention, symptoms, diarrhea, etc.
- Those who feel bloated and have poor digestion even after eating a little
- Those who have a bulging stomach due to chronic constipation or stagnation
- Interest in osteoporosis in postmenopausal women
- All-in-one management (collagen, intestinal management, blood vessel management, immune management, diet, minerals)

Effects of Fermented Collagen and Superfoods

[Core] - Surfactin complex fermentation solution

- Low-molecular collagen (protein): Composition of body tissues such as bones and muscles and the dermal layer of the skin
- Green coffee beans (chlorogenic acid): diet, visceral fat reduction, menopausal management, blood sugar control
- Aronia (Anthocyanin): Blood vessel management/eye health (lutein), antibacterial, anti-inflammatory, anti-obesity, antioxidant
- Black Garlic (Allicin): Energy, immune enhancement, detoxification, anti-cancer activity, decomposition of neutral fat
- Minerals (50% Calcium): 100% Sedimentary Coral (40 kinds including Potassium, Magnesium, Phosphorus, Germanium, etc.)

Dr. Collgen

Bacillus Subtilis / Bacillus Megaterium

Surfactin Complex Fermentation Solution

- ☑ Bacillus subtilis/Bacillus megaterium
- ☑ 4 complex fermentation products
- ☑ 40 kinds of minerals

{ Patent No. 10-1583600
Patent No. 10-1652317
Patent No. 10-2331133

[Product Name] Dr. Collgen [Amount] 20g X 15 Pouches X 2EA (600g)

[Ingredient name and content] Coffee fermented liquid 100% [Tengja fermented extract (domestic) 51.8%, aronia fruit fermented extract (Poland) 20%, coffee fermented liquid (Vietnam) 10%, black garlic fermented extract (domestic) 10%, Fish Collagen Peptide Concentrate 8%, Mineral Mixture (Fixed Coral Powder) 0.2% [Intake amount and method] Take 1 packet 1-2 times a day.

[Consumer price] KRW140,000
